

Vented Distal Cushion

Patent Pending

Anclote

Anclote Manufacturing Company's Vented Distal Cushion with hole provides additional comfort to the user's limb, which helps when volume loss occurs and on bony distal ends.

Vented Distal Cushion

Patent Pending

Features & Benefits

- The center vent hole allows for air passage for suction and elevated vacuum socket designs
- Flat bottom allows for simple fabrication
- Can be used as a replacement to Anclote's Suction Plates (PSSP-Size)
- Can be used in conjunction with existing threaded tie-in attachment plates
